

Nixon Cool to Idea of Giving GOPs Key Jobs

By MARVIN L. ARROWSMITH
PALM BEACH, Fla. (AP) — President-elect John F. Kennedy was reported today to have discovered that Vice President Richard M. Nixon has reservations about the idea of Republicans taking key positions in the new Democratic administration.

Kennedy, winner over Nixon in the presidential election, is understood to have sounded out the vice president on this matter at their history-making conference Monday at Key Biscayne, Fla., where Nixon is vacationing.

Kennedy returned to his headquarters here immediately after the 3-minute meeting and prepared to confer at lunch today with a Democrat who may get a Cabinet post or some other top position in the Kennedy regime. He is Connecticut Gov. Abraham Ribicoff, a key advisor to Kennedy during the campaign.

Kennedy told a news conference after his session with Nixon that he did not offer the vice president a post in the new administration.

But sources in a position to know said Kennedy discussed with Nixon the possibility of naming some Republicans to important positions, particularly in the fields of foreign policy and national security.

Nixon, it was understood, did not speak fully against the idea. But he is known to question whether against the background of the hot contest he gave Kennedy on the popular vote—it would be wise from the standpoint of his party's future to renominate Republicans to join the Kennedy team.

Both the president-elect and Nixon called the Kennedy-instigated conference cordial and frank. Kennedy termed it very beneficial to him and said he and the vice president will meet again, probably early next month.

A key to any reluctance on Nixon's part regarding Republicans filling top positions under Kennedy appeared to be reflected in Nixon's remarks at his news conference. He said any differences he and Kennedy have in the next four years will be based on principle.

Fined Youths Sentenced by Court

LITTLE ROCK (AP) — A Negro youth who was fined in Hot Springs Municipal Court two weeks ago for carrying a concealed weapon was sentenced Monday to a two-year prison term for violating U.S. District Court-ordered probation.

The term was ordered by U.S. District Judge J. Smith Henley, who held that the weapon charge against Ellis Love Jr. of Little Rock constituted a violation of probation on charges of stealing a letter containing \$10 from the Sweet Home post office two years ago.

Love and three other Little Rock Negroes were fined \$200 each for carrying concealed weapons. Half the fines were suspended.

The four, along with 17-year-old Henry Singleton of Little Rock, another Negro, were arrested after a Sept. 28 football game between Langston High School of Hot Springs and Mann High School of Little Rock at Hot Springs.

Singleton was bound over to a Garland County grand jury on a charge of assault with intent to kill in the wounding of Langston player Roy Bils, who was shot in the chest as he boarded a bus following the game.

Guatemala Mopping Up Armed Rebels

GUATEMALA (AP) — Government forces today launched mop-up operations in eastern areas of Guatemala where armed rebels are still active.

A communique reported that the city of Zacapa, in rebel hands since the uprising began Sunday, was recaptured Monday night. The insurgents are expected to be wiped out within 24 hours, today's announcement said.

President Miguel Ydigoras also was moving on the diplomatic front. He requested the Organization of American States to take action on his charges that Cuba aided the rebels who staged their uprising against his conservative government.

The army said rebels who had been in control of Zacapa fled toward Puerto Barrios, the other rebel stronghold.

The government broadcast an appeal to railroad workers not to allow fleeing rebels on board. It said the air force had orders to bomb trains carrying fleeing rebels.

Government dispatches named, as the revolt's principal leaders, three officers who were studying law at the university here—Col. Eduardo Llerena Muller, Col. Rafael Cessan Pereira and Capt. Arturo Chir de Cid.

Muller also has attended military courses at Ft. Benning, Ga., and in Italy.

Union Against Full Time Job

LITTLE ROCK (AP) — An amendment to make the presidency of the Arkansas state AFL-CIO a full-time job was voted down, but a compromise measure providing the same thing was approved Monday by delegates to the labor group's annual convention.

The combining of the jobs of executive secretary and treasurer also was approved at the opening of the three-day gathering.

An amendment which would have reserved 12 of the 17 posts on the executive committee to persons from certain geographical areas failed to receive delegate approval.

Nominated for the presidency of the organization were George Ellison, the present executive secretary, and Don McCullar, who is a representative of the State, County and Municipal Employees at Houston, Tex. McCullar is formerly of El Dorado.

New officers are to be elected at the closing session Wednesday.

U. S. Recovers Space Satellite for 2nd Time

By HENRY HARTZENBUSCH

HONOLULU (AP) — The U.S. Air Force did it again Monday, plucking a Discoverer satellite capsule out of the skies for the second time.

Proud airmen declared the catch was routine.

The Air Force, which calls the gigantic recovery area a "ball park," could point to a climbing fielding average.

Snared in the 250 by 50-mile "ball park" 500 miles northeast of Honolulu was the military spy capsule ejected by Discoverer XVII.

The first 12 Discoverer capsules were lost in the vast Pacific. Number XIII was the first recovered, although it landed in the ocean and was retrieved by a Navy frogman dangling from a helicopter.

On Aug. 19, a C119 Flying Boxcar made the first catch of an object from space. That was Discoverer XIV's capsule.

Discoverer XVII's capsule was bagged. The Flying Boxcar that gulped it, appropriately dubbed Pelican II, made the catch like an outfielder who does it up fancy after losing the ball in the sun.

The Pelican II was piloted by Capt. Gene W. Jones, 39, of Walla Walla, Wash. Jones and his nine-man crew almost missed their rendezvous.

His plane was late leaving Hickam Air Force Base because of a fuel leak. Then, in the northern area of the "ball park," Jones' crew spotted the capsule's silver and orange parachute against the clear blue Pacific skies and made a run for it at 11,000 feet.

"We barely ticked it," Jones told reporters later.

But the plane circled and went after the capsule again at 9,500 feet.

The huge plane's trapeze-like snare caught the chute and 21 minutes later the instrument-loaded capsule was reeled aboard.

The successful grab was made at 1:02 p.m. Hawaii time—6:02 p.m. EST. The Discoverer XVII capsule was in orbit longer than the previously recovered containers. The others had been ejected from their satellites on the 17th pass around the earth. This one, rocketed aloft Saturday at California's Vandenberg Air Force Base, was ejected on its 31st time around.

The gold-plated capsule weighed 300 pounds when it left the 2,100-pound satellite but only 125 pounds after its plunge back into the earth's atmosphere.

"It was a little bit scorched around the edges," said Capt. Jones, referring to the fiery re-entry into the atmosphere.

After he and his crew, joined by jubilant air force officials, met reporters and photographers, Jones stepped into a C130 and flew the capsule to Sunnyvale, Calif., south of San Francisco, where officials planned to examine the capsule at Air Force Ballistic Missile Division headquarters.

25 States Will Gain or Lose House Member

WASHINGTON (AP) — Twenty-five states will gain or lose seats in the House of Representatives as a result of the 1960 census, the government announced today.

The Commerce Department announced that the total population of the 50 states was 179,323,176 on April 1—the date of the once-a-decade census.

That is an increase of 18.5 per cent from the 1950 total of 151,325,798.

Officials said that the total population figure would exceed 100 million once they add in servicemen, dependents, government personnel and businessmen living overseas.

The changes in congressional representation were calculated on the basis of population shifts between 1950 and 1960.

A formal report calling for realignment of the House, as provided by law, was transmitted to President Eisenhower at Augusta, Ga., by Secretary of Commerce Fredrick H. Mueller.

Under the formula that will not take effect until the 1962 election, 16 states will lose seats in the House. Nine states will gain seats.

California will be the biggest gainer, adding eight seats to the present total of 30. Florida will get four new seats, making the new total 12. There will be gains of one seat each by Arizona, Hawaii, Maryland, Michigan, New Jersey, Ohio and Texas.

The biggest loser in the prospective reapportionment will be Pennsylvania which will lose three of 30 seats. New York, Massachusetts and Arkansas will lose two seats each and the following states will lose one each: Alabama, Illinois, Iowa, Kansas, Kentucky, Maine, Minnesota, Mississippi, Missouri, Nebraska, North Carolina and West Virginia.

By law the number of House seats are reapportioned every 10 years on the basis of the regular census. The reapportionment is worked out mathematically at the Census Bureau then is sent to the secretary of commerce who transmits it to the president.

When Congress reconvenes in January, Eisenhower will inform the clerk of the House of the number of seats to which each state will be entitled in the 86th Congress which will be elected in November 1962.

Vote Lead Is Cut to 254,224

WASHINGTON (AP) — Absentee votes, mainly in California, and a thin sprinkling of late returns today cut Sen. John F. Kennedy's popular vote lead over Vice President Richard M. Nixon to 254,224 votes.

With 1,625 precincts still out and more thousands of absentee ballots to be counted, the vote was Kennedy 33,760,141, Nixon 33,505,917.

The final decision on California's 32 votes was still to come. Absentee ballots counted today reduced Kennedy's lead to 27,566. With Nixon drawing about 60 per cent of the state's absentee votes so far, there were 105,000 or more to be counted.

The Home Demonstration Council board and committees met last week at the courthouse. Mrs. Lester Kent, president, presided at the meeting with 19 members present from 14 clubs in the county.

Worst Syria Fire Kills 151 Children

By FAROUK NASSAR

DAMASCUS, Syria (AP) — The worst fire disaster in memory killed 151 children in a movie theater at Amide, 400 miles north-east of here on the Turkish border. A man also died trying to rescue screaming children trapped in the flames.

Almost every family in town lost at least one child in the roaring blaze Sunday that started with an explosion in the projection room. It quickly spread through the wooden ceiling and walls of the movie theater, where the children had gathered to see an educational film at a special showing.

The panicky shrieks of children trapped inside mixed with the cries of their parents trying to save them. Many parents dashed frantically through the flames, plucking children to safety, press reports said.

Except for Mohammed Said Eldakoury, 30, all the victims were 14 years old or younger. Eyewitnesses reported Eldakoury saved 11 children but lost his life trying to save a twelfth.

Press reports said the theater had only one exit, but about 350 children were trapped.

Missionary Talks to Church Group

"Behold! We Go Up" was the subject of the message brought by Miss Norcen Robkin at the 20th birthday observance of the Hope Woman's Society of Christian Service on Monday at the First Methodist Church.

Miss Robkin is a missionary on furlough from the Congo, and she told of mission work and home life there. This included a description of a tea given there and the beautiful orchids which grow in abundance. Most of all, she stressed the work done by Methodist missionaries with the young women and girls.

A polio clinic luncheon was served to about 50 members of the WSCS and the Wesleyan Service Guild, District Sup't., R. B. Moore and Rev. Surrills. Mrs. Edwin Ward, president of the Hope WSCS, gave special recognition to senior members Mrs. Don Smith, Mrs. Sam Warrmack, Mrs. Ada Talley and Mrs. John Arnold.

In honor of these ladies a candle was lighted, one for charter members of the organization, and a third one for new members. An Adult Membership in the WSCS was presented to Rev. Surrills by Mrs. C. D. Lester for the Hope WSCS. Then, Mrs. E. P. Young Jr., introduced the guest speaker.

Officers Are Determined to Stop Trouble

NEW ORLEANS, La. (AP) — Police refused 100 or more teenagers today trying to break into the grounds of McDonogh No. 19 public school, one of two integrated Monday for the first time.

The teenagers defied police orders to stay on the opposite side of the street from the three-story school.

They circled the block and tried to gain entrance to the school where three Negro girls came to first-grade classes this morning, accompanied by six U.S. marshals.

Mounted police and foot patrolmen tried to hold the white youths back, but they scattered in all directions.

At the William Frantz school several children walked along the opposite sidewalk carrying signs reading "We don't want a federal dictator" and "Keep the niggers (sic) away."

"The only thing next is intermarriage," was one of the shouts from the crowd across the street.

There were reports that less than 250 pupils of the total combined enrollment of 1,000 attended classes at the two schools.

Police arrested a man at the Frantz school and hustled him away. Officers said he was carrying a concealed weapon but it turned out to be a toy pistol.

NEW ORLEANS (AP) — Federal marshals set out today to make stick the first race mixing in New Orleans public schools in more than 100 years.

"If we are going to have violence it'll come Tuesday," said a federal official who did not want to be identified by name.

Monday nonviolent entry of four Negro first-grade girls into two New Orleans elementary schools breached a race barrier unbroken since carpetbagger times after the Civil War.

But, it was done without the public knowing exactly which two schools would be integrated.

Today they knew it is the William Frantz School in eastern New Orleans and McDonogh 19 on busy St. Claude Ave.

The Louisiana Legislature prepared to go back into special session tonight at 11 p.m. after hours of bitter debate and invective.

The legislature Monday addressed out of office four members of the New Orleans School Board who bowed to federal court restraint after 35 court appeals and ordered token integration of the city's 95,000 public school children under a pupil placement law passed by the legislature.

ted legally back and forth like a badminton bird—stayed out of office a few hours, until U.S. Dist. Judge J. Kelly Wright signed a fresh restraint to nullify the legislative action. This was the fourth time the state has tried to take control of the local schools from the board.

In announcing signing of the restraining, Lloyd Rittiner, board president, said, New Orleans schools would open again today. The second day of racially mixed schooling didn't look as if it would produce much instruction for the four little Negro girls picked for integration in New Orleans.

Armand J. Duvio, president of the Frantz Cooperative Club, said the one Negro girl escorted into Frantz school Monday spent the day sitting on a chair outside the principal's office without getting to a class.

White attendance at Frantz and McDonogh 19 appeared likely to be nominal. Of a normal enrollment of 576 at Frantz, only 105 children showed up Monday. That number dropped to 50 as angry or fearful parents retrieved their children. Every white first-grader was out before 3 p.m., Duvio said.

At McDonogh, where normal enrollment is 467, attendance at 8:30 a.m. was 94 and fell to 40 at the start of the afternoon session.

Asia, Africa Call for New Disarms Talks

By MAX HARRELSON

UNITED NATIONS, N.Y. (AP)—Asian and African countries today circulated a new compromise resolution calling for an early resumption of East-West negotiations on general and complete disarmament.

The long-awaited proposal, sparked by Indian Defense Minister V. K. Krishna Menon, was worked out in consultation with the Soviet Union and the United States. It goes before the General Assembly's 99-nation political committee later today.

The plan would avoid a vote on the rival Soviet and Western proposals now pending. It places strong stress on the goal of complete disarmament as urged by the Soviets. But at the same time it approves the idea of limited measures to create a more favorable international atmosphere.

Sponsors of the resolution are Burma, Iraq, Ghana, India, Indonesia, Morocco, Nepal, the United Arab Republic, Venezuela and Yugoslavia.

An Indian delegation source said the resolution represented efforts of four weeks of consultations with U.N. delegates.

Neither the United States nor the Soviet Union had accepted the resolution but the informant said both sides were very close and "we feel, in essence, that it meets all points."

Arkansas City Lists Reason for Winning

PHOENIX, Ariz. (AP)—Arkansas City, Ark., believes it deserves recognition as an All-America city not because it is a model community, but because it has accomplished so much with so little.

The little Mississippi River town of about 850 population is one of 22 finalists in the All-America city competition sponsored by the National Municipal League and Look Magazine. Eleven winners will be announced next year.

Mrs. D. A. Youree, president of the Arkansas City Museum and Historical Society, told the selection jury Monday Arkansas City had transformed itself from "a ghost town in 1958" to a tourist attraction and the location of new industries, new recreational facilities and beautified park areas.

All projects to revitalize the once booming river port which was almost wiped out by flood in 1927, she said, were financed by private citizens and supplemented by donated labor.

With 33 of 72 planned projects

completed, Mrs. Youree said, "Ours is not a model community. It is still a small, quaint, peaceful, historical old town nestled in a bend of the Mississippi River levee; but its people have a bright and shining new spirit. We are working together to pave the foundation for our anticipated growth."

Assisting Mrs. Youree in the 10-minute presentation was Mrs. L. P. (Verna) Reitzammer, Arkansas City postmaster and the only woman ever named national postmaster of the year.

The Arkansas Teacher Retirement System has assets of more than 43 million dollars, and disburses almost three million dollars annually to 2,500 retired teachers.

ARTHRITIS?

I have been wonderfully blessed in being able to return to active life after suffering from head-to-foot with muscular soreness and pain. Most all joints seemed affected. According to medical diagnosis, I had Rheumatoid Arthritis, Rheumatism and Bursitis. For free information write:

Invalid Wife Panicked by Husband's Faithlessness

By HELEN WORDEN ERSKINE

Dear Helen:

I have been married 37 years to a devoted husband. We have six children all happily married and with children of their own. Recently I discovered my husband and a 19-year-old school girl are expecting a child. I am a semi-invalid and dependent on him. What can I do — Distraught.

Dear Distraught: It seems to me that you have entirely lost sight of your children in this situation.

Heart-rending though all this is, face it. Your body may be weak but your spirit should be strong. Call a family council. Have the courage to talk the problem out. Even the worst seems less fearsome when brought out into the open. Above all, don't panic.

Dear Helen:

I have an age-old problem which many women must face: marry the man whom I think I love or marry the man the family will accept.

The special one in my life is gentle and loving until we quarrel. Then he turns into a completely different type of man, drowning his sorrow in drink. When we break, I have always had the stable, well-adjusted man waiting to help me forget this special one.

to Fayetteville and attended U of A Homecoming and Ark-SMU football game. They were joined there by Mr. and Mrs. Wayne Turner and Pokey of North Kansas City, Mo., and Mr. and Mrs. Lee Witzansky of Joplin, Mo. Mr. Kelly accompanied the Turners to Joplin Sunday, where he boarded a plane for St. Louis to attend a Kiwanis Club conference.

Fans from Hope who flew to the Ark-SMU game were Mr. and Mrs. Cline Franks, Dr. and Mrs. Lynn Harris and Mr. and Mrs. Bill Watson.

Martin Pool Jr., Mrs. Dick Watkins and Ann were Monday visitors in Shreveport.

fears, or should I wait and let time heal the problem? —Terribly Confused.

Dear Terribly Confused: I doubt that you really love either man. If you did, you wouldn't hesitate. Wait until you know your own mind. Time is the surest test of love.

Dear Helen:

My boy friend believes that girls shouldn't buy boys gifts. His parents say it isn't right. We began talking about Christmas and giving gifts and he said if I gave him something, he would send it back. Now what do I do about the whole situation, including his parents? —Sharon.

Dear Sharon: Essentially, your boy friend's parents are right. Let him do the giving. If you were engaged or married, it would be different. However, you can send him a box of candy at Christmas, if you feel you must give him something. Include his parents' names on the accompanying card.

Dear Helen:

I am 19 and have been going steady with a fellow of 18 for a year and a half. Last March we broke up but I had a feeling we would be back together again. At the end of April there we were, happier than ever. We started to think about our future and planned to marry as soon as he finished college. Two weeks ago he told me I would be interfering with his college and that our future plans were at an end. He also tells me there is no one else. I love this boy so much I would do anything to get him back. Please tell me what to do. —A Lonely Heart.

Dear Lonely Heart: Where's your pride? If the boy has called off the romance, nothing you can do will rekindle it except play it cool. Write him a brief but friendly note saying you accept his decision which you think a wise one. Tell him goodbye and wish him luck. If there is a spark of love for you left in him, he'll come running. But this time it will be your turn to be the reluctant sweetheart. Only the hard-to-get technique holds a boy of this temperament.

Send your problem to Helen Worden Erskine, c/o Star to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Broken Romances."

REA Okays Co-op Loan Conditionally

LITTLE ROCK (AP) — The Rural Electrification Administration Monday gave conditional approval to a \$10.6 million loan to the Arkansas State Electric Cooperative Corp. for the construction of a steam generating plant near Ozark.

Harry L. Oswald, general manager of the Arkansas State Electric Cooperative Corp., said ARPA's Public Service Commission approval of plans for the 60,000 kilowatt plant would be sought immediately. No opposition to the project is expected, Oswald said.

Oswald said he hoped the plant would be in operation by July 1963. The said construction would begin within the next two months at a site near the Cecil Gas Field in Franklin County. Gas for the plant will be purchased from Arkansas-Louisiana Gas Co.

Cooperatives to be served by the Ozark plant include Craighead Electric of Jonesboro, North Arkansas Cooperative of Salem, Carroll Cooperative of Berryville, Ozark Cooperative of Fayetteville, Arkansas Valley Cooperative of Ozark, Rich Mountain Cooperative of Mann and Southwest Arkansas Cooperative of Texarkana.

Delay Asked in Murder Trial

JONESBORO, Ark. (AP) — A delay in the first degree murder trial of Mrs. Miriam A. Lewis, 29, was asked Monday, and Circuit Judge Charles W. Light is expected to rule on the motion today.

Mrs. Lewis, mother of four, is charged in the fatal shooting of her husband, 27-year-old Bobby Jack Lewis, on Nov. 2.

She entered a plea of innocent when the case was called up for arraignment Monday.

Attorney Ben J. Courtney asked a delay until the spring term of court, saying he needed more time to prepare the defense.

UN Troops Move Out of Danger Areas

By ERROLL FRIEDMANN

ELIZABETHVILLE, Katanga (AP)—U.N. troops, menaced by growing bands of hostile tribesmen, began pulling out of danger areas in north Katanga today.

Heavy patrols of Irish and Ethiopian troops, stationed in northern areas for several weeks, began arriving back at their headquarters at Albertville.

A U.N. spokesman said the United Nations will have to revise its methods of operation against the superstitious tribesmen.

He said Irish troops were withdrawn completely from the area around Nichaba—scene of an ambush of an 11-man Irish patrol last week in which 20 men were killed—nine of them Irishmen.

The Katanga government claimed rebel Baluba tribesmen were massing in bands up to 5,000 strong in the north in readiness for a large-scale offensive. A spokesman warned that the rebels are likely to attack the U.N.-protected town of Albertville.

Many of the Balubas were stopping passing cars and forcing the occupants to sign a pledge to support the Balubakat party—which controls most of North Katanga and is opposed to Katanga Premier Moïse Tshombe.

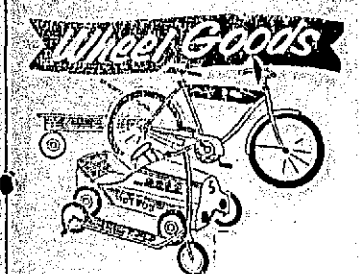

"There is going to be big trouble in north Katanga soon if the United Nations continues with its passive way in dealing with Baluba tribesmen," the spokesman warned.

neys for Dixon said Monday. Dixon's request for a recount of ballots in Absentee Box No. 2 was denied Monday by the county election commission, which certified the vote as reported by election judges and clerks.

The returns showed Eulan Moore, the Republican nominee, received 3,278 votes to Dixon's 3,269.

Attorneys for Dixon contended that between 75 and 100 absentee ballots were not counted and maintained that these votes would have given the election to Dixon.

In last week's count, Dixon received 274 absentee votes to 133 for Moore.

No Problems Are New, Baptists Told

FAYETTEVILLE, Ark. (AP)—There are no new problems here are no new problems — "you'll find the same ones when you turn back to the Bible," the president of the Arkansas State Baptist Convention said here today.

The Rev. Bernes K. Selph of Benton added that "the problem of man destroying himself will not be solved suddenly" but he said he saw no reason to lose hope.

Selph delivered the president's address at the opening session of the 107th annual meeting of the state convention for which some 1,000 Baptists crowded this Ozarks college city.

The speaker cited as current problems those of materialism, threatening war, growing immorality and "strife and ill feeling among capital and labor, races, religious groups and nations."

On another phase he urged that the relation of the individual member and the individual church to the larger religious group not be overlooked.

He said the worth of the individual was rightly stressed but that

Man Gives Up Weekly After Hostage Case

PRAGUE, Okla. (AP)—A 32-year-old gunman surrendered quietly to officers Monday after holding a farm family hostage for some two hours while officers complied with his demand for return of his impounded automobile.

James Ferman Powers, Oklahoma City, was apprehended at a road-block less than two miles from the farm home of Jim Powers.

Powers was jailed at Chandler. Powers' car was impounded by the Highway Patrol Sunday night after he abandoned the vehicle and fled on foot during a chase by troopers.

The officers wanted to question him about a molestation complaint.

Mrs. Pospisil, 45, said Powers appeared at her home and ordered her son-in-law, Weldon Watkins, to go to Chandler and get his car back.

Powers held Mrs. Pospisil, her daughter, Mrs. Watkins, 30, and Mrs. Watkins' 2-year-old daughter, Wanda Lynn, hostages while Watkins went for the car.

Watkins alerted officers, who allowed him to take Powers' car to the Pospisil home.

Powers then got into his car and drove away, Mrs. Pospisil said. When arrested, Powers was armed with a .22-caliber rifle and a .38-caliber pistol.

5 Children Die in Quebec Fire

QUEBEC (AP)—Five children died today in a fire that destroyed their parents' frame home on the Aux Grues, 50 miles east of Quebec City.

The victims were children of Mr. and Mrs. Lucien Vezina of the little community of St. Antoine on the island. They were: Jacques, 19; Richard, 9; Gilbert, 5; and twins Pierre and Pierette, 12.

Mr. and Mrs. Vezina, both 55, and their daughter, Murielle, 13, were taken to a hospital suffering from severe burns.

of "hot money." This term is applied to money which is shifted about to gain the highest interest yield available.

The state revenue department is charged with the administration of 80 specific revenue laws which produce 93 per cent of the state's gross revenues.

'Hot Money' Brings U. S. Gold Loss

WASHINGTON (AP)—A flight of "hot money" to Europe caused a sharp increase in the U.S. balance of payments deficit in the July-September quarter.

The Commerce Department issued a preliminary estimate today that the deficit reached an annual rate of \$4.3 billion during the three months. The rate for the preceding quarter was \$2.9 billion.

This situation has led directly to an increased loss of gold by the United States and has prompted top-level moves to stem the worrisome gold-dollar drain.

The balance of payments represents the difference between the amount which foreigners spend and invest in the United States and the larger amount which this country spends, invests and gives away abroad.

As foreigners build up a dollar surplus in their dealings with the United States, they use part of the surplus to buy American gold.

The Commerce report showed that gold purchases by foreigners during the third quarter amounted to \$637 million compared with \$94 million in the preceding three months.

The big factor was a movement to forget he is "part of the whole is to miss an equally important truth."

"Paul was as concerned about the full functioning of a complete body as he was about the health of one member," he said.

X15 Rocket Plane Has First Flight

EDWARDS AIR FORCE BASE, Calif. (AP)—An X15 rocket plane made a successful first flight today with the mildest of all weather conditions.

Test pilot Scott Crossfield made the brief test with the engine choked to its slowest speed and landing brake flaps wide open.

Still, the stubby black craft shot to 78,000 feet and reached a speed of 4,000 miles an hour during a 10-minute flight before landing on a dry lake bed.

Crossfield throttled the X15 back during his wide circle around this desert test center in order to comply with government orders not to exceed certain speeds and altitudes.

At full throttle the new rocket engine generates 57,000 pounds of thrust, nearly four times that of the engine that in earlier flights set world speed and altitude records of 2,106 m.p.h. and 186,500 feet.

Ultimately, the new engine is expected to push an X15 at speeds of 4,000 m.p.h. to altitudes between 50 and 100 miles.

Governors Now in Argentina

BUENOS AIRES, Argentina (AP)—A group of 28 U.S. governors left today for Mar del Plata, 200 miles south of here, on their tour of South America.

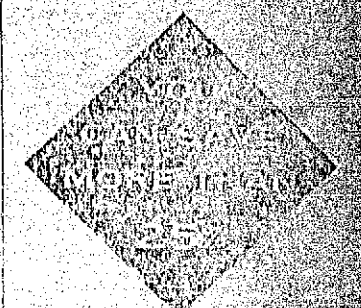

The day's program set for the governors and their wives included a barbecue, with games, folk singing and dancing.

Gov. Oscar Alende of Buenos Aires Province, Argentina's largest, planned a reception for the visitors.

President Arturo Frondizi told the governors Monday he is confident that U.S. President-elect John F. Kennedy will carry through his "demonstrated interest to better United States relations in Latin America."

PIPELINERS OF ENERGY

Why Natural Gas Storage Goes Underground

How does the homeowner know he can get all the gas he will need when the thermometer tumbles? Depleted gas fields near major population centers in the East store gas pipelined from hundreds of miles away for just such needs.

Texas Eastern and New York State Natural Gas Company jointly own the world's largest existing underground storage area, at Oakford in western Pennsylvania. On any one day, Oakford alone can supply enough gas to heat 650,000 homes.

Remote-controlled compressor stations, activated

during peak demand periods, supply the extra push to keep the gas flowing from storage at necessary rates.

Underground storage also solves the problem of keeping the transmission system operating at capacity the year round. During summer months, when demand is slack, gas is pipelined into storage, to be pulled out as needed during the winter. This makes for economy of operation and provides reliable service to local gas distributors when it is needed most... as Texas Eastern fulfills its role as **Pipeliners of Energy to the Nation.**

10 Killed in Philippine Plane Crash

By CARL IZMERMANN
MANILA (AP) - Two U.S. Navy plane crashes at approximately the same spot today claimed the lives of 10 persons, including the admiral commanding the base at Subic Bay.

Killed along with Rear Adm. Arthur F. Spring, 52, was his wife, Clare, 52. Also killed were the admiral's aide, Lt. (j.g.) Karl Ziegenhagen, Gary, Ind.; the pilot, Lt. Cmdr. Wade K. Smith, Clinton, Tenn.; the copilot, Lt. (j.g.) Kenneth Cowles, whose father, Frederick, lives in San Marino, Calif.; and Airman Cecil G. Johnson, whose father lives in Kansas City, Mo.

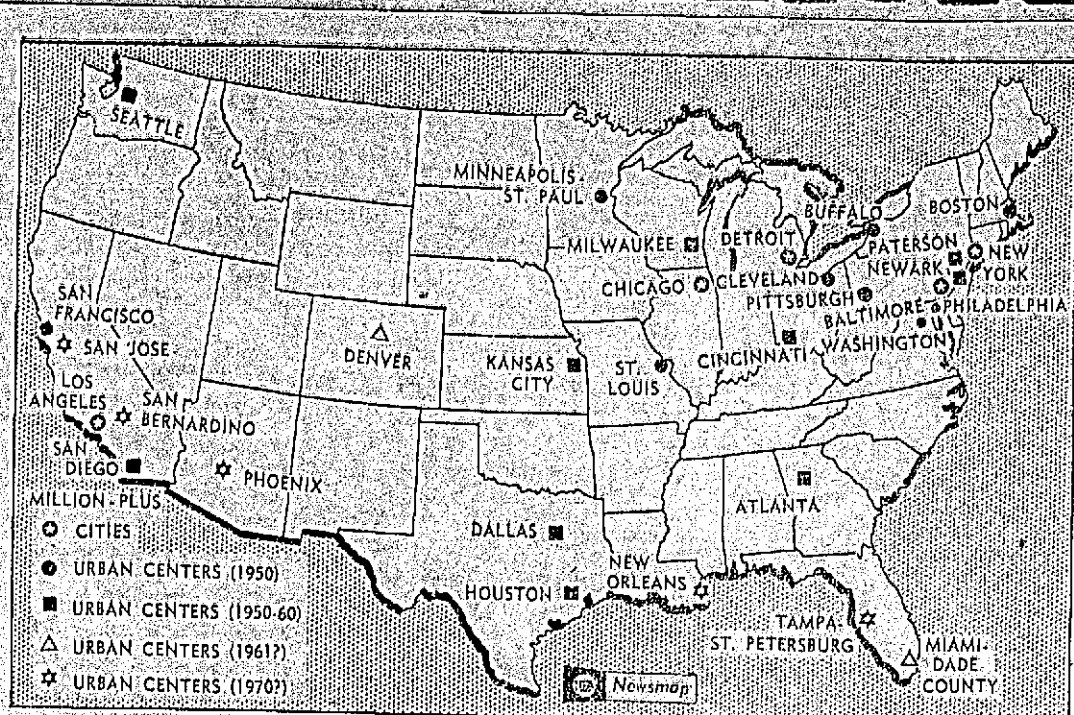

Four more men, including a U.S. Marine and three Philippine constabulary personnel, were killed when their helicopter crashed shortly after noon near the wreckage of the ill-fated amphibian carrying the Spring party. Their names were not immediately disclosed. They were among eight aboard the helicopter, which was dispatched from the carrier. Hornet to the spot where the amphibian had crashed. Of the eight, the pilot and copilot were uninjured. An American Navy doctor was slightly bruised and a U.S. enlisted man suffered minor burns.

Two U.S. Air Force paratrooper medics later jumped to the remote area where the admiral's plane crashed and found the victims. There were no survivors. The Springs attended a military dinner-dance at Manila Monday night. They were flying back to Subic Bay.

Seeks Action Against Cuba for Attack

GUATEMALA CITY (AP) - President Miguel Ydigoras of Guatemala has asked the Organization of American States to take action on his charges that Cuba gave aid to rebels who have been fighting his forces since Sunday. Rebellion broke out at Puerto Barrios, on the Atlantic coast 150 miles northeast of the capital city and at Zacapa, 70 miles north-east. Ydigoras made a nationwide broadcast Monday claiming the army and air force had been successful in their attacks on the towns. He said the rebels were seeking to negotiate but he was refusing to deal with the "traitors."

Since the garrisons at Puerto Barrios and Zacapa first turned against him, the president has charged repeatedly that the government of Prime Minister Fidel Castro had a part in the uprising. His charge was heard Monday night at a special meeting in Washington of the OAS Inter-American Peace Committee, which then authorized its chairman to get further information from the Guatemalan ambassador.

URBAN CENTERS MUSHROOM - The 1960 census reveals that the to-the-suburbs trend has put 10 more of the nation's suburban centers in the million-plus population class. Prior to 1950 there were only nine such metropolitan areas and five cities in the over-a-million class. The Newschart, above, classifies each group, including those urban centers which possibly will reach million-plus status by 1970 as foreseen by the American Society of Planning officials.

Council Fails to Vote Race Issue

LITTLE ROCK (AP) - The Arkansas Council of Churches Monday heard a report opposing all forms of racial discrimination, but failed to vote on the matter. The report was submitted by Dr. J. Frank Henderson, a Little Rock Negro Minister, and pledged support to attempts to bring about racial equality. The report also gave support to sit-in demonstrations.

An integrated audience of about 150 persons heard the report read at the council's fifth annual meeting at Trinity Episcopal Church here.

Refuses to Sign Vote Certificate

JASPER, Ark. (AP) - When the two Democratic members of the Newton County election Commission voted against a recount request, the Republican member of the commission declined to sign a certification of the vote in last week's election for county treasurer.

Best Man American

RHODES, Greece (AP) - Adm. C. R. Brown of the U. S. Navy was best man at the wedding of 24 Greek couples. Brown, heads NATO's southern European forces with headquarters at Naples. A rocky islet off the northeast coast of Malta is venerated as the place where Paul the Apostle was shipwrecked about 60 A. D. It is called St. Paul's Island.

Drunk Man Questioned in Slaying

NEW YORK (AP) - A man termed almost incoherently drunk was taken into custody for questioning today after police said he had something to do with New York's latest bombing spree.

Two radio car patrolmen said the man mumbled "Take me to the hospital, I'm sick" and "Gee, I'm sorry I blew that girl's legs off."

On Nov. 6, a teen age girl died after her legs were blown off as the result of an explosion in a subway car.

The man taken into custody at 10:30 a.m. in front of St. Stephen's Roman Catholic church on E. 29th St., between 3rd and Lexington avenues was identified by police as Raymond Smith, 33.

A recent wave of homemade bomb explosions on Sundays and holidays cost one life, that of Sandra Breland, 15, injured a number of others and caused extensive damage in various places around Manhattan, as well as on a Staten Island ferry.

Police said Smith was dressed neatly but his drunken condition made it difficult to question him at first.

TRIAL BY SLANDER

By Travis Macrae

THE STORY: Janet Hamilton, a young widow, has fallen in love with Dr. Jason Whitling, a college instructor. Then he confesses that he is married, unhappily, and that he wishes to marry Janet after obtaining a divorce. His wife, Antonia, has promised to consider releasing him.

CHAPTER XIV

When Jason put Janet in her car at the parking lot near Grand Central Station, he told her that he would call daily, but that he probably wouldn't be able to get out to see her for a few days. He was staying in town with a colleague, rushing to wind up his work at school and meeting, the day after tomorrow, with a representative from his new college. In a few weeks, her friends would begin to return to the village from summers on Cape Cod, Fire Island and Martha's Vineyard. Looking ahead to fall, Janet realized she couldn't enroll the boys in riding class or take on Cub Scouts again or any community responsibilities. Her house would be on the market; she would be packing for the new life ahead. Unless her position became less ambiguous, there would be awkward explanations to make.

Now, for the first time, she began to have vague feelings of unease about Antonia, only half smiling at her own guilty sensation as the other woman.

The day after Antonia's return she rose late and unrefreshed from a bed that felt sticky and clammy.

She fixed a bowl of cereal and made coffee. There was a rap at the back door followed by Lib Lyman's breathless entrance into the small utility room off the kitchen.

"Sorry to walk right in...it's pouring out. If this rain doesn't stop, I think I'll go mad. Do you have any more coffee? It smells good."

Janet felt a twinge of sympathy for her. "There's plenty. Come sit down."

Lib was a rangy buxom woman in her late thirties. Her skin was usually flushed, and her baby-fine blonde hair looked as though it had a perpetual fresh permanent.

"Frank says you had a caller last week when he came down to pick up Chris's rubbers," Lib said, puffing hard on a cigarette that refused to light. "He came down the back path, but he saw you out on the terrace with some man, so he didn't bother you."

"Yes. A friend of mine was here," Janet answered.

"Is it the same man whose car Frank says he's seen drive often lately in your driveway?" Lib laughed apologetically. "You know we look right down on you."

Not in the summertime you don't, Janet thought. Frank must have climbed a tree frequently these past weeks or courted scratches pushing aside thick underbrush to get a good view of the car and its occupant.

"He's an old friend. Possibly you have," noticed his car."

Lib dropped her eyes, her face more flushed than usual. "Frank asked me to tell you—uh—"

Janet thought maybe for your own good—I mean, well, honestly, Janet, there's quite a bit of talk, you know, about that same car in your driveway night after night. Frank and I are so fond of you, we—that is, Frank—thought you ought to know what's what's being said."

Janet waited until she had gained control of herself before she answered. "Tell Frank I'm all grown up, Lib," she said as lightly as she could.

Numbly she listened to Lib's miserable leave-taking and watched her retreating form pushing up the hill.

She went to the bathroom and brushed her teeth.

"Someone wants you on the phone," Johnny called.

"All right, I'll take it up here. Hang up downstairs, will you, please?"

It was Jason. He asked how she was surviving the heat and the rain, and told her that he hadn't talked to Antonia yet because he was still getting his work cleared up first, but not to worry, everything was going to be all right.

If he had been firmer with Antonia, the divorce proceedings would have started. She could have flung her announcement in Lib Lyman's teeth, deriving great satisfaction from watching those pale blue eyes widen, listening to her stammered apologies and congratulations and watching her scamper up the hill to get in touch with Frank.

As it was she heard Jason say, "You haven't said a word: Are you still there? Janet?"

"Sorry," she snapped. "I'm tired and cross and it's been a vile morning. Call me when you get things straightened out with Antonia."

He seemed stunned. "Very well, I'll get in touch with you later," he said in a flat tone of voice. "I must go now."

He hung up.

Bruce was crying downstairs. "Give it to me," he shrieked between sobs. "It's mine."

He ran, half falling into her, Johnny at his heels. "Mummy, isn't that state mine? Isn't it? He won't give it to me."

"He traded it to me yesterday," Johnny protested. "He's cheating."

Janet pushed her damp hair, curling from the heat, off her forehead. "Let me have it. Then there won't be any arguing. Look, boys, I know it's not I know it's raining and you can't play outside. But I'm hot and tired too."

With an effort, she smiled at them. "Why don't you fix yourself a sandwich. You can have pop instead of milk."

They were diverted.

Shetland Pony Sale Successful

— C of C photos

The Semi-annual Pony Sale held at the Livestock Show Coliseum last Saturday was one of the best sales over two years ago, according to Frank Douglas local promoter. Over two hundred fifty ponies were put through the sale from 11 o'clock in the morning until 10 in the evening. All available stalls were filled and several ponies were tied to the fence inside the coliseum and others were placed in the rodeo pens at the back of the building.

Buyers and sellers were in attendance from Arkansas, Oklahoma, Louisiana, Texas, Missouri, Georgia, Illinois, Tennessee, Kentucky, Iowa and New York State. Several of these people arrived in Hope on Thursday and remained until Sunday morning.

Colonel Ray Holder, co-promoter with Frank Douglas stated that the Hope Sale is fast becoming one of the best sales in the southwest of the local facilities and predicted that the Hope sale would continue to grow in popularity.

But these are the exceptions. Recently the American Federation of Television and Radio Artists (AFTRA) made a survey of its membership and found that 75 per cent of its membership made less than \$3,000 a year in television.

The minimum rates of pay under AFTRA's code of fair practice for network TV broadcasting—rates which the union is seeking to increase—are not quite as dramatic as those astronomical star salaries.

For instance, the minimum fee for a principal performer—one who speaks more than five lines—in a 15-minute program is \$97 and this includes three hours of rehearsal.

Foreign Aid to Be Aired by Officials

AUGUSTA, Ga. (AP)—President Eisenhower will meet with Treasury Secretary Robert B. Anderson Tuesday for what the White House described as an important conference on foreign aid to underdeveloped countries.

Eisenhower will issue a statement afterward from his vacation headquarters about the pressing need for wealthy Western nations to step up such assistance to impoverished lands.

Presidential Press Secretary James C. Hagerly in announcing the meeting said Anderson would fly from Washington for what he called a review of foreign aid.

Anderson is due to leave this weekend with Undersecretary of State Douglas Dillon for conferences on this problem with the West German government.

Hagerly said that the President and Anderson undoubtedly also would talk over the final budget the Eisenhower administration will lay before Congress in early January.

Administration leaders are reported hoping that the Anderson-Dillon mission will convince Chancellor Konrad Adenauer to increase substantially West Germany's aid contributions to Africa, Asia and the Middle East.

A HEAP—The Empire State Building is not buried in rubble despite appearances. Mountain of bricks and girders is all that remains of buildings in the Hell's Kitchen district. They've been razed to make way for a massive new co-operative housing project.

hearsal. That may sound pretty good, but remember it isn't steady work. Performers who speak less than five lines receive \$61.50 for a 15-minute program; the minimum for a specially act with two performers, including six hours of rehearsal, is \$371. When the program is unsponsored, prices are cut by 20 per cent.

Shakeup in S. Viet Nam Is Possible

SAIGON, South Viet Nam (AP)—President Ngo Dinh Diem may shake up the South Viet Nam Cabinet as a result of the abortive paratrooper revolt against his government, reliable sources said today.

Although Diem crushed the rebellion and emerged in a strong position, sources said he may make his Cabinet the scapegoat for the unrest and dissatisfaction that led to the attempted coup.

Rebel leaders charged Diem with running a "family dictatorship" that divided and weakened the military and the rest of the country in the fight against the Communists.

The bachelor president also has come under sharp criticism for restricting freedom of the press and crushing all political opposition.

The Saigon newspaper, *Tien Chung*, said 40 civilians were killed and 8 others wounded in the fighting Friday and Saturday before soldiers loyal to Diem rushed into the capital to rescue him from rebel paratroopers.

Police Seek Slayer of Girl 9

CHICAGO (AP)—Police combed a forest preserve and a South Side neighborhood today for possible clues to the slayer of a 9-year-old girl whose body was found in a ravine Saturday.

The young victim, Gloria Kowalewicz, an only child, vanished about 8 a. m., Saturday as she walked from her home to St. Mary of Mount Carmel Church four blocks away to attend mass.

Four hours later a truck driver found her body, with two bullet wounds in the head, in a forest preserve southwest of Chicago and about 12 miles from her home. The body, clad in a pink dress, lay on the side of a ravine.

Police believe the child was shot to death at the spot where her body was found. Investigators sifted earth at the scene in hopes of finding the two bullets that killed the girl.

Teams of detectives questioned residents of the South Side neighborhood where the victim lived in hopes of finding someone who may have seen the child, and possibly her slayer, as she walked to church.

Coroner Walter McCarron said the victim apparently had not been sexually molested.

with you later," he said in a flat tone of voice. "I must go now."

He hung up.

Bruce was crying downstairs. "Give it to me," he shrieked between sobs. "It's mine."

He ran, half falling into her, Johnny at his heels. "Mummy, isn't that state mine? Isn't it? He won't give it to me."

He traded it to me yesterday," Johnny protested. "He's cheating."

Janet pushed her damp hair, curling from the heat, off her forehead. "Let me have it. Then there won't be any arguing. Look, boys, I know it's not I know it's raining and you can't play outside.
